

REMARKS

Applicant wishes to thank the Examiner for speaking with Applicant's representative on May 1, 2008. During the conversation with the Examiner, Applicant's representative inquired as to whether claim 6 was in fact allowable as the Office Action states that claims 5-9 are provisionally rejected, but the allowable subject matter section states that claim 6 would be allowable if rewritten to include the base claim and the intervening claims. The Examiner responded by stating that the rejection of claim 6 is a typographical error and that claim 6 would be allowable if rewritten to include the limitations of the base claim and any intervening claims.

Claims 1, 4-8, 11-15 and 18-22 are in this application and are presented for consideration. By this Amendment, Applicant has amended claims 1, 4, 5, 8, 12, 15 and 18-20. Specifically, Applicant has amended claims 1, 8 and 15 to include the allowable subject matter mentioned in the final rejection. Applicant has also added new claims 21 and 22, which provides for the allowable features featured in the final rejection. The title of the specification has also been amended to provide a more descriptive title. It is Applicant's position that the application is now in condition for allowance. However, the Examiner is invited to call one of Applicant's representatives at the telephone number listed below should there be any outstanding issues remaining.

Favorable consideration on the merits is requested.

Respectfully submitted
